Sec. 1. Sections 20 to 42 of Executive Order No. 1888 of February 2, 1914, as amended, are amended to comprise sections 20 to 40, reading as follows:

"LEAVE OF ABSENCE GENERALLY

All full-time employees, with the exception of alien employees who are paid in accordance with local native prevailing wage rates for the area including the Canal Zone and adjacent territory, shall be entitled to leave priveleges under sections 20 to 38 of this order: Provided, That this amendment shall not operate to deprive of leave privileges under sections 20 to 38 of this order any alien employee receiving comparable privileges on the date of this order, and that the right of any such employee to a continuation of privileges under sections 20 to 38 of this order shall be determined as though this amendment had not been prescribed.

"21. Classes of leave. Leave with pay shall be divided into two classes, namely, annual leave and travel leave, the former to serve both as vacation leave and sick leave.

For the purposes of this section absences shall be regarded only if they occur during the hours prescribed as the basic workweek and during service months for which leave has been or is being credited to the employee.

"24. Accumulation of leave. Annual leave accruing to an employee during his service year and not taken by him before the beginning of his succeeding service year shall be accumulated for use in succeeding service years until it totals not exceeding 720 hours: Provided, That, in order to permit an orderly transition to the new leave system established by this order, the limitation on accumulation contained in this section shall be suspended as to each employee until he has completed one full service year under such new system.

thorize a reasonable advance of leave for illness or injury to cover which no leave exists or remains to an employee's credit,

"28. Commutation of leave upon separation. When an employee is separated from the service, including separation by transfer to an agency under a different leave system as covered by section 3 of the act of December 21, 1944 (5 U.S. Code, section 61 d), he shall be paid compensation in a lump sum for all accumulated and current accrued leave to which he is entitled under this order: Provided, That if such employee is reemployed prior to the expiration of the period covered by such leave payment. he shall refund an amount equal to the compensation covering the period between the date of reemployment and the expiration of such leave period, and the amount of leave represented by such refund shall be credited to him: Provided, further, That the lump-sum payment herein authorized shall not be regarded, except for purposes of taxation. as salary or compensation and shall not be subject to retirement deductions.

"29. Commutation of leave upon death. Upon the death of an employee compensation for all of his accumulated and current accrued leave shall be paid in a lump sum, upon the establishment of a valid claim therefor, to the estate of

such deceased employee.

"30. Travel leave. An employee who, while in a leave-with-pay status, travels to points outside the tropics and remains thereat for a period of 30 calendar days or more, inclusive of the time required for travel to and from such points, shall be entitled to 40 hours of travel leave with pay but such leave shall not be credited to an employee more often than twice in any two successive service years, and shall not be credited unless the employee returns to duty.

"31. Limitation on amount of leave granted. The maximum amount of leave with pay, inclusive of travel leave, which may be granted at any one time shall be 720 hours: Provided, That this limitation may be waived in case of serious illness or disability of an employee, established to the satisfaction of the Governor or such officers as he may designate.

"32. Rate of pay for leave. Payment for leave, whether taken by the employee or commuted into a lump-sum payment, shall be at the same rate as that which the employee would have received had he remained on duty during the period of leave: Provided, That the Governor may by regulation provide that in making payment for extended leave in the case of an employee having more than one rate of pay, including night pay differential, the current rate of pay for the class of work upon which the employee was preponderantly employed for a substantial prescribed period preceding the taking or commutation of leave shall be deemed to be the . rate which the employee would have received had he remained on duty.

"33. Reporting from leave. An employee who fails to report from authorized leave within one week after the expiration of such leave shall be subject

either to disciplinary action or termination unless it is determined that the delay was not reasonably avoidable and was therefore excusable.

"34. Leave without pay. Leave of absence without pay may be granted subject to such regulations as may be pre-

scribed by the Governor.

"35. Conversion of present leave credit. As of the effective date of this order, the leave credit of each employee shall be adjusted and converted in the manner provided in this section for the purpose of establishing the employee's new leave credit. Each employee shall have added to his leave credit a proportionate share of the allowance for annual and cumulative leave for the whole of his current service year, under the regulations in force prior to the effective date of this order, in lieu of any other credit for such allowance, and consisting of onetwelfth of such allowance for each complete month of service performed by the employee during such service year, less such number of days' leave as have previously been charged against such allowance. Each employee's leave credit thus determined shall thereupon be converted by multiplying the number of days' leave credit by five-sevenths in the case of an employee whose cumulativeleave allowance was thirty days per year or by six-sevenths in the case of an employee whose cumulative-leave allowance was twenty days per year, to conform to the new method of charging leave, and by multiplying the product in all cases by eight in order to express the new credit in terms of hours: Provided, That when an employee, who on the effective date of this order has completed ten months of his current service year, is separated from the service prior to the completion of such service year, the leave credit of such employee shall be readjusted as of the time of his separation so that his leave credit for conversion in the manner hereinbefore provided shall in no event be less than the leave which would have been due him on separation had this amendatory order not been promulgated.

"36. Regulations of Governor. The Governor is granted continuing authority to make such additional regulations, not inconsistent with the provisions of this order, as he shall deem necessary for the completion, operation and administration of the leave system established by this order.

"37. Leave of policemen and firemen. The provisions of sections 21 to 36 of this order shall apply to and govern the leave of policemen and firemen, except that in view of the longer workweeks of such employees and the consequent greater charge for absences of such employees on leave, the Governor shall by regulations applicable to such employees, respectively, modify the provisions of said sections 21 to 36 to such extent as may be necessary to accord to such employees the same leave privileges, as nearly as is reasonably practicable, as are accorded to other employees. To that end the Governor may in such regulations establish and adjust the amount of leave

to which such employees shall be entitled, the reduction of their leave credits for absences in a nonpay status, their maximum accumulation of leave, the absences chargeable to leave, the advance of leave for illness or injury; the travel leave, the limitation on the amount of leave which may be granted at any one time, the method of conversion of their present leave credits, and any other element of their leave the adjustment of which is necessary.

"The Governor is further authorized to provide for the adjustment and conversion, consistently with the provisions of this order, of the leave credits of an employee as of the effective date of the transfer of such employee between the police and fire forces, or between either of such forces and any other class of employment in the organization.

"38. Sick leave of teachers. A teacher employed only during the school year may be granted not to exceed 15 days of leave with pay during the school year to cover illness or injury, but shall not be entitled to any other leave with pay. Such leave shall be chargeable only for absence upon days during which the employee would otherwise work and receive pay, shall be exclusive of holidays, and shall be paid for at the rate prescribed in section 32 of this order. Such leave which is unused at the end of a school year shall be accumulated for use in succeeding school years until it totals not exceeding 45 days. Such leave shall be accorded and administered as prescribed in such regulations, not inconsistent with this section, as may be prescribed by the Governor.

"LEAVE FOR EXCEPTED ALIÈN EMPLOYEES

"39. Sick and rest leave for excepted alien employees. The Governor is authorized to grant, under such regulations as he may prescribe, sick and rest leave to such alien employees as are excepted by section 20 of this order from entitlement to leave privileges under sections 20 to 38 of this order: Provided, That the combined sick and rest leave which may be granted to any such employee shall not exceed 24 days in any one year, and that such leave shall not be cumulative in excess of 60 days.

"OFFICE HOURS AND HOURS OF LABOR

"40. Office hours and hours of labor. Office hours and hours of labor shall be fixed by the Governor within the limits prescribed by law."

Scc. 2. Executive Order No. 9039 of January 24, 1942, as amended by section 1 of Executive Order No. 9497 of November 6, 1944, authorizing sich and rest leave for allen employees of The Panama Canal and the Panama Railroad Company, is revoked.

Sec. 3. This order shall take effect immediately.

PART 02—Type and Production Certificates

At a session of the Civil Aeronautics Board held at its office in Washington, D. C., on the 11th day of June 1946.

Effective July 1, 1946, the Civil Air Regulations are amended by adding a new Part 02 to read as follows:

Explanatory statement concerning suspension and revocation of certificates issued under this part. The Civil Aeronautics Board is authorized under section 609 of the Civil Aeronautics Act of 1938 to suspend or revoke type and production certificates. The Administrator, under the same section of the act, is authorized in cases of emergency to suspend such certificates in whole or in part for a limited period. In section he is required to notify immediately the holder and file a complaint with the Board, in which

proceeding the holder is entitled to a hearing.

Certificates may be suspended if the interest of the public so requires, or may be revoked for any cause which at the time of revocation would justify the Administrator in refusing to issue to the holder a like certificate. Any deliberate misrepresentation in the application or in the submission of any information accompanying the application, or in any statement or report required of a certificate holder under these regulations, may be grounds for the suspension or revocation of a certificate.

In addition to the above grounds, production certificates may be suspended or revoked for any of the following reasons:

1. Willful violation on the part of the manufacturer of any portion of the Civil Aeronautics Act or any regulation promulgated thereunder relating to the production of articles authorized by the production certificate.

2. Demonstration of incompetency, carelessness or negligence, or the willful use of inferior or improper materials in the manufacture of articles covered by the certificate.

3. Failure of the manufacturer to maintain adequate facilities and personnel to assure the airworthiness and conformity of articles produced.

4. Refusal of the manufacturer to submit to inspection upon proper demand by a representative of the Administrator, or to render any reasonable assistance in connection therewith.

Part 1010—Suspension Orders [Suspension Order S-923]

OLIMANS CONSTRUCTION COMPANY

Oltmans Construction Company, a corporation also known as J. O. Oltmans and Son with offices at 818 East 18th Street, Los Angeles, California, is engaged in the general construction business. On April 4, 1946, without authorization from the Civilian Production Administration, the company began as the contractor for Daylite Markets, Inc., the construction of a market building and five stores at 8331-8343 East 18th Street, Los Angeles, California, at an estimated cost of \$52,000, which amount exceeded the \$1,000 limit permitted by Veterans Housing Program Order No. 1. The responsible officers of the company were aware of the restrictions on construction and its actions constituted a wilful violation of Veterans Housing Program Order No. 1.

This violation has diverted scarce materials to uses not authorized by the Civilian Production Administration. In view of the foregoing facts, it is hereby ordered that:

- § 1010.928 Suspension Order No. S-928.

 (a) For a period of three months from the effective date of this order, no authorization shall be granted Oltmans Construction Company to do construction, nor shall it during such period apply or extend any preference ratings, regardless of the delivery date named in any purchase order to which such ratings may be applied or extended.
- (b) Oltmans Construction shall cancel immediately all preference ratings which it had applied or extended to orders which have not yet been filled, except that if it has extended a customer's rating to get an item for delivery without change in form to that customer (as distinct from replacing it in inventory) it need not cancel the rating, provided the item when received is promptly delivered to the customer whose rating was extended.
 - (c) All preference ratings, allotments and allocations presently outstanding in connection with orders for delivery of materials to Oltmans Construction Company or placed prior to the termination date of this order are void and shall not be given any effect by suppliers of Oltmans Construction Company or any other person. This does not apply to material already delivered or in transit for delivery to it on the effective date of this order.
 - (d) The provisions of this order shall not apply to the completion of any construction jobs heretofore authorized under the Veterans' Housing Program on which construction has already begun, or to prohibit the placing of rated orders for materials necessary to complete the construction of any such project under the Veterans' Housing Program.
 - (e) Oltmans Construction Company shall refer-to this order in any application or appeal which it may file with the Civilian Production Administration or the Federal Housing Administration for priorities assistance or for authorization to carry on construction.
 - (f) Nothing contained in this order shall be deemed to relieve Oltmans Construction Company from any restriction, prohibition, or provision contained in any other order or regulation of the Civilian Production Administration, except insofar as the same may be inconsistent with the provisions hereof.
 - (g) The restrictions and prohibitions contained herein shall apply to Oltmans Construction Company, also doing business as J. O. Oltmans and Son, or under any other name, its successors and assigns or persons acting on its behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.
 - (h) This order shall take effect on the 22d day of June 1946.

Issued this 12th day of June 1946.

Chapter XVIII—Office of Economic Stabilization

-[Dir. 41, Amdt. 5]

PART 4603—SUPPORT PRICES: SUBSIDIES LIVESTOCK SLAUGHTER PAYMENTS

Under War Food Orders 75–2, 75–3, and 75–4, certain designated livestock slaughterers are required to set aside and de-

liver to the Government specified percentages of each week's production of beef, pork, and veal, respectively. A substantial proportion of the products procured in this way are exported to starvation areas in Europe and the rest of the world, in accordance with allocations made by the Combined Food Board. Recently, the Department of Agriculture amended these orders to facilitate prompt delivery to the Government of all quantities of meats and meat products required to be set aside. This action was made necessary by the increasing seriousness of the famine emergency abroad. Compliance with the new delivery provisions of the War Food Orders is essential, particularly in the next few weeks, in order to avert starvation on a large scale. It is expected that on the whole there will be voluntary compliance with these provisions. Nevertheless, it is felt necessary that the Government exercise its full powers to assure compliance.

Heretofore, it has been the practice of the Reconstruction Finance Corporation to withhold subsidy payments from a slaughterer, if the Secretary of Agriculture certifies to the Reconstruction Finance Corporation that he has wilfully violated the provisions of the setaside orders. It is now intended to extend withholding to any case in which a slaughterer's own report, filed with the Secretary of Agriculture, indicates that he has failed to set aside or deliver in accordance with the applicable War Food Orders.

Accordingly pursuant to the authority vested in me by the Stabilization Act of 1942, as amended, and by Executive Order 9250 of October 3, 1942 Cf F.R. 7871), Executive Order 9328 of April 8,

1943 (8 F.R. 4681) Executive Order 9599 of August 18, 1945 (10 F.R. 13487) Executive Order 9697 of February 14, 1946 (11 F.R. 1691) and Executive Order 9699 of February 21, 1946 (11 F.R. 1929) paragraph (e) of section 7 of Directive No. 41 issued by this Office, is hereby amended to read as follows:

- (e) (1) Reconstruction Finance Corporation is also directed to withhold payment of subsidy claims upon certification by a District Director of the Office of Price Administration or the Secretary of Agriculture (or his duly authorized representative) that the slaughterer's report, after correction for errors, filed with the Office of Price Administration or the Department of Agriculture pursuant to Control Order 2 or War Food Order No. 75–7, shows that he has slaughtered livestock in excess of his authorized quota.
- (2) The Reconstruction Finance Corporation is further directed to withhold payment of subsidy claims upon certification by the Secretary of Agriculture (or his duly authorized representative) that the slaughterer's report, after correction for errors, filed with the Department of Agriculture pursuant to War Food Orders Nos. 75–2, 75–3, or 75–4, shows that he has failed to set aside for Gevernment procurement, or has failed to deliver to the Government, such quantities of beef, pork, or veal as are required to be set aside for and delivered to the Government under the terms of the said War Food Orders.
- (3) The withholding provided for in this paragraph (7) (e) shall apply to the cattle subsidy (exclusive of extracompensation payments) calf subsidy or hog subsidy (depending upon which species of livestock the slaughterer has slaughtered in excess of his authorized quota, or which type of meat the slaughterer has failed to set aside or deliver) due the slaughterer on the particular species of livestock slaughtered at the particular establishment during the accounting period involved.
- (4) In a case involving slaughter in excess of the authorized quota, the appropriate District Director of the Office of Price Administration, or the Secretary of Agriculture (or his duly authorized representative) shall, as promptly as possible, certify to the Reconstruction Finance Corporation:
- (i) The name of any slaughterer whose report, after correction for errors, filed pursuant to Control Order No. 2 or War £000 Order No. 75–7, shows a slaughter of any species of livestock in excess of his authorized quota for such species of livestock; and
- (ii) The address of the establishment and the accounting or quota period for which the report is filed; and
- (iii) The species of livestock for which the slaughterer's report shows slaughter in excess of his authorized quota.
- (5) In a case involving failure to set aside or deliver under War Food Orders Nos. 75-2, 75-3, or 75-4, the Secretary of Agriculture (or his duly authorized representative) shall, as promptly as possible, certify to the Reconstruction Finance Corporation:

(i) The name of any slaughterer whose report, after correction for errors, filed pursuant to War Food Orders Nos. 75-2, 75-3, or 75-4, shows a failure to set aside or deliver the quantities of meat or meat products required to be set aside and delivered under the said War Food Orders; and

(ii) The address of the establishment and the accounting or quota period for

which the report is filed; and

(iii) The type of meat or meat product which, as shown by the slaughterer's report, the slaughterer has falled to set aside or deliver as required.

(6) If a slaughterer has exceeded his authorized quota by an amount which is not in excess of 3 percent of such quota or 2000 pounds, live weight, whichever is larger, or if a slaughterer has falled to set aside or deliver meat or meat products by an amount which is not in excess of 3 percent of the quantity of meat or meat products required to be set aside and delivered, he may apply to the Secretary of Agriculture or the Price Administrator at Washington, D. C., depending upon whether his report was filed with the Department of Agriculture or the Office of Price Administration, for a release of the subsidy withheld pursuant to this paragraph (e) Upon a finding by the Secretary of Agriculture (or his duly authorized representative) or the Price Administrator, that the slaughterer's excess slaughter or failure to set aside or deliver was due to extenuating circumstances and that the release of the subsidy withheld will not be inconsistent with the stabilization program or the Government procurement program, the Secretary of Agriculture or his duly authorized representative or the Price Administrator may so certify to the Reconstruction Finance Corporation, and thereupon the subsidy withheld shall be payable forthwith.

This amendment shall become effective June 21, 1946.

Issued this 21st day of June 1946.

NOTICE OF REQUEST FOR APPROVAL OF RATES AND CHARGES FOR SALE OF POWER FROM BONNEVILLE PROJECT

JUNE 21, 1946.

Notice is hereby given that the Administrator of the Bonneville Project has filed with the Federal Power Commission for confirmation and approval, pursuant to the provisions of the Booneville Act (50 Stat. \731) as amended, a revision of its proposed wholesale power Rate Schedule R-1. Notice of the original filing of the proposed schedule was published in the Federal Register November 8, 1945, Volume 10, No. 220, Page 13758.

The revised schedule reads as follows;

Availability. This schedule applies to at-site and transmission system firm power made available by the Government to railroads and other purchasers for direct consumption under appropriatecontracts providing for the purchase in each billing period during the hours of midnight to 6:00 a. m. of not less than 25 per cent of the number of kilowatthours used in other hours of the day, and during the period May to September. inclusive of each year of not less than 65 per cent of the number of kilowatthours purchased in the preceding period of October to April, inclusive. Such net energy before adjustment for power factor will be determined as the aggregate number of kilowatt-hours delivered to the purchaser's system at all points of delivery less the number of kilowatt-hours resulting from regenerative braising received by the Government from the purchaser's system. OFFICE OF PRICE ADMINISTRATION.

[SO 119, 2d Rev. Order 35]

WALD MEG. Co., Itic.

ADJUSTIMENT OF CELLING PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed

with the Division of the Federal Register, and pursuant to sections 15 and 16 of Revised Supplementary Order No. 119; It is ordered:

Revised Order No. 35, issued on April 8, 1946, under Supplementary Order No. 119, is amended, revised and redesignated Second Revised Order No. 35 under Revised Supplementary Order No., 119, to read as follows:

(a) Manufacturer's ceiling prices. Wald Manufacturing Company, Incorporated, of Maysville, Kentucky, may compute its adjusted ceiling prices for all bicycle parts and accessories, which it manufacturers, as follows:

(1) For an article in its line during October 1941, the adjusted ceiling crice is the highest price charged during that month to each class of purchaser in-

creased by 20 per cent.

(2) For an article not in its line during October 1941, but which has a properly established ceiling price, in effect before the effective date of this order, the adjusted ceiling price is the article's properly established ceiling price for the particular sale (exclusive of all permitted increases or adjustment charges) increased by the percentage determined in accordance with "Note 3" in section 8 of Revised Supplementary Order No. 119.

(3) For an article which is first offered for sale after the effective date of this order, the adjusted ceiling price is the maximum price hereafter properly determined or established in accordance with Maximum Price Regulation No. 188; and prices so fixed may not be in-

creased under this order.

(4) The manufacturer's adjusted ceiling price fixed in accordance with this order is his new ceiling price if it is higher than his previously established ceiling price including all increases and adjustments of herwise authorized for him individually or for his industry.

(b) Ceiling prices of purchasers for resale. Purchasers for resale of such articles in substantially the same form which the manufacturer has sold at adjusted maximum prices shall determine

their ceiling prices as follows:

(1) A purchasar for resale who delivered or offered for delivery during March 1942, an article which meets the definition of "most comparable article" contained in § 1493.3 (a) of the General Maximum Price Regulation, except that it need not be currently offered for sale shall calculate his ceiling price by adding to his invoice cost the same markup which he had on that comparable article, according to the method and procedure set forth in that section.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each celler must keep complete records showing all the information called for by OPA Form 620-759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in

effect.

(2) If a purchaser for resale cannot determine his ceiling price under the above method, he shall apply to the Office of Price Administration for the establishment of his ceiling price under § 1499.3 (c) of the General Maximum Price Regulation. Ceiling prices established under that section will reflect the supplier's prices adjusted in accordance with this order.

(c) Ceiling prices adjusted by this order, are subject to each seller's customary terms, discounts, allowances and other price differentials on sales to each class of purchaser in effect during March 1942, or established under any applicable OPA regulation.

(d) The provisions of Supplementary Order No. 153 shall not apply to resales of articles covered by this second revised

order.

(e) Notification. At the time of, or prior to the first invoice to a purchaser for resale, showing a ceiling price adjusted in accordance with the terms of this order, the seller shall notify each purchaser in writing of the adjusted ceiling prices for resales of the articles covered by this order. This notice may be given in any convenient form.

(f) This order may be revoked or amended by the Price Administrator at

any time.

(g) Effective date. This order shall become effective on the 22d day of June 1946.

Issued this 21st day of June 1946.

[SO 133, Order 55]

CONTINENTAL FURNITURE CO.

ADJUSTMENT OF MAXIMUM PRICES

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to Supplementary Order No. 133, it is ordered:

(a) Manufacturer's maximum prices. Continental Furniture Company, High Point, North Carolina, may increase its maximum prices properly established under Maximum Price Regulation No. 188 (exclusive of any adjustment charges) for articles of wood bedroom furniture, which it manufactures by 12.3 percent of each such maximum price.

(b) Resellers' ceiling prices. Resellers of articles which the manufacturer has sold at an adjusted ceiling price determined under this order shall determine their maximum prices as follows:

- (1) A retailer who must determine his ceiling price under Maximum Price Reguation No. 580, and a wholesaler who must determine his ceiling prices under Maximum Price Regulation No. 590, shall compute their ceiling prices in the manner provided by those regulations. However, if the supplier's invoice states both an "unadjusted maximum price" and a selling price, the reseller shall compute his ceiling prices under those regulations as they have been modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.
- (2) A reseller who determines his maximum resale price under the General Maximum Price Regulation, and whose supplier's invoice states both an "unadjusted maximum price" and a sell-

ing price, shall compute his ceiling price under that regulation as modified by Order No. 4800 under § 1499.159b of Maximum Price Regulation No. 188.

If his suppliers invoice does not state an "unadjusted maximum price" the reseller shall calculate his ceiling prices by adding to his invoice cost the same percentage mark-up which he had on the "most comparable article" for which he has a properly established ceiling price. For this purpose, the "most comparable article" is the one which meets all of the following tests:

(i) It belongs to the narrowest trade category which includes the article being

priced.

(ii) Both it and the article being priced were purchased from the same class of supplier.

(iii) Both it and the article being priced belong to a class of article to which, according to customary trade practices, an approximately uniform percentage mark-up is applied.

(iv) Its net replacement cost is nearest to the net cost of the article being priced.

The determination of a ceiling price in this way need not be reported to the Office of Price Administration; however, each seller must keep complete records showing all the information called for by OPA Form 620–759 with regard to how he determined his ceiling price, for so long as the Emergency Price Control Act of 1942, as amended, remains in effect.

- If the maximum resale price cannot be determined under the above method, the reseller shall apply to the Office of Price Administration for the establishment of a celling price under § 1499.3 (c) of the General Maximum Price Regulation. Celling prices established under that section shall reflect the supplier's prices as adjusted in accordance with this order.
- (3) The provisions of Supplementary Order No. 153 shall not apply to the determination of ceiling prices for resales of articles covered by this order.
- (c) Terms of sale. Ceiling prices adjusted by this order are subject to each seller's terms, discounts, and allowances on sales to each class of purchaser in effect during March 1942, or, thereafter, properly established under Office of Price Administration regulations.
- (d) Notification. At the time of, or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing prices adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established in paragraph (b) of this order for determining adjusted maximum prices for resale of the articles. This notice may be given in any convenient form.
- (e) The manufacturer shall file the report described in section 5 of Supplementary Order No. 133 with the Office of Price Administration, Washington 25, D. C., and shall comply with the unvoicing and reporting provisions of Order No. 4800 under Maximum Price Regulation No. 183.
- (1) This order may be revoked or amended by the Price Administrator at any time.

(g) This order shall become effective on the 21st day of June 1946.

Issued this 21st day of June 1946.

The United Gas Improvement Company (UGI) a registered holding company, having filed an application and declaration, and an amendment thereto, pursuant to sections 10 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-45 promulgated thereunder, regarding the following proposed transactions:

UGI proposes to advance not in excess of \$650,000, with interest at 3% per annum, to Philadelphia Gas Works Company, its wholly owned subsidiary. Philadelphia Gas Works Company, in turn, proposes to utilize such \$650,000, together with \$1,850,000 of other cash. available under the lease arrangement. whereby Philadelphia Gas Works Company operates the municipal gas properties and facilities owned by the City of Philadelphia, to construct additions to existing plant and distribution facilities required to meet the increased demand for gas. It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application, as amended, be, and the same hereby is, granted forthwith, and that the aforesaid declaration, as amended, be, and the same hereby is, permitted to become effective forthwith; however, neither the grant-
